- 3. OWNER(S): Type or print the name of the cat in the blocks under "FIRST NAME CHOICE" and "SECOND NAME CHOICE". Once at the Executive Office, if it is possible, the first name choice is used, if it is not possible to use the first name choice, then the second name choice is automatically used. The second name choice is not required to be filled in, however, if the first name choice is a duplicate or has a cattery name registered to someone else or for some reason(s) cannot be used, then the registration must be sent back for an additional name choice. Remainder to stay the same. Type or print the name of the owner(s), not to exceed 35 letters/characters/spaces, of the cat and complete address, city, state/country, and zip/postal code.
- 4. NAMES OF CATS: Cats may not be named after an ancestor without written permission of the owner of the ancestor; a letter attesting to such permission is to be filed with the Executive Office. See Registration Rules 39.8. Owner(s) may enter two choices for the name of the cat to be registered at the top of the form. The owner's name, address, and city are not allowed in the name of the cat unless it is a TICA registered cattery. The names of cats may not be changed in any manner after they have been registered, except for the correction of clerical errors in the Executive Office; the addition of a cattery name as provided in ARTICLE EIGHT, 38.7, 38.8, and 38.10 of the Registration Rules; to re-register as Household Pets, TICA registered championship class cats pursuant to Show Rule 23.7.2; or pursuant to the Registration Rules, 39.5. Names of cats and catteries may not be duplicated.

5. PUNCTUATION: Punctuation marks of any kind (', &, #, etc.) are not allowed in the name of the cat.

- 6. Suffixes: A cat's name, including cattery names and the word "of" may not exceed 35 letters/characters/spaces combined. When the name of the cat is longer than 35 letters/characters/spaces, the suffix will be automatically dropped.
- 7. ČATTERY NAMES: The prefix position in a cat's registered name is reserved for the breeder's TICA registered cattery name. The breeder's cattery names may NOT be removed. The breeder is ALWAYS the owner of the dam at the time of mating. The suffix position in a cat's registered name is reserved for the owner's TICA registered cattery name. The suffix follows the word "of" after the registered name of the cat, i.e., BLUE STAR OF RED; BLUE is the breeder's TICA registered cattery name, STAR is the name of the cat, and RED is the owner's TICA registered cattery name. Any use of the word "of" in any language may denote a cattery suffix, and foreign translations for the word "of" will not be allowed, i.e., av, de, etc. If the word following the word "of" is NOT a TICA registered cattery name, or is not the owner's TICA registered cattery name, it will be automatically dropped. The suffix may change with a transfer of ownership.
